(Fax: +30 210 8068299)

AIM:

The aim of the Conference is to present the current situation of the Greek language from a terminological point of view, as well as methods, practices and tools of Terminology science, and their application in the Greek language environment – monolingual and/or interlingual –, with a view to promote terminological research and contribute to the present-day terminological enrichment of the Greek language.

THEMES:

- Linguistic-ontological principles of terminology (terminology and knowledge, naming principles and methods, etc.)
- Didactics and terminology
- Terminology in specific subject fields – Lexicographical and terminographical studies – Synchronic and diachronic aspects
- Terminological resources (special monolingual or multilingual dictionaries, term collections, special corpora) – New technologies and terminology
- Standardization of terminology (internationalization of concepts, and interlingual standardization and equivalence of terms, terminology proposals)
- Terminology and translation
- Dissemination and use of terms – Terminology policies and regulation
- Activities of organizations and bodies for Terminology

OFFICIAL LANGUAGES:

Greek, English and French.

PEOPLE CONCERNED:

All those in Greece and abroad that are interested in the Hellenic language and terminology.
